MOBILE WONDER WORLDS

Be Amazed at What You Discover

We are inviting you to an unforgettable journey of discovery through the past, present and future of technology. Get close to unique milestones of technical developments and feel the spirit of the times bringing them forth. Over 3.000 exhibit items displayed on more than 30.000 m² indoor space and a large open-air ground give testimony to the history of technology and in particular to the advancement of the automobile, a moving history in the true sense of the word.

See, hear, smell and feel pioneering spirit and ingenuity, and as an indispensable highlight of your event book a guided tour of the museum, also out of regular hours.

- Open 365 days a year
- Guided tours of the Museum in German, English and French language also out of regular hours
- Stand-up reception, get-together or seated dinner within the museum exhibition, e.g. at the American dream cars, in the midst of the Formula 1 exhibition, besides the gigantic locomotives etc.

OPEN AIR

Begins Where Others End

Flanked by the two museum halls and surrounded by numerous legends of aviation history, our unique open-air ground is awaiting you. The highlight: a fantastic view of the legendary supersonic passenger aircraft Concorde and Tupolev 144. On an area of about 20.000 m² we are offering you plenty of space for open-air events of any kind like club meetings, concerts, product presentations or tent installations.

We will also be glad to welcome you with champagne and an amuse-gueule on the flight deck at the French supersonic aircraft Concorde. The wind is bringing you the soft sounds of chanson and musette and the little culinary delicacies will tickle the taste buds of your guests.

- Available space: 20,000 m²
- Barbecues and outdoor-events for up to 1,500 people
- Stand-up receptions at the Concorde flight deck (up to 150 people)
- Free reserved parking places in the courtyard for club-meetings and rallies
- Tent installations

IMAX 3D

A Really Big Experience

To venture into alien worlds, to observe small things up close, to encounter big things in all of their magnitude and to experience "film" in a new dimension: This is IMAX 3D.

With crystal clear images, ten times larger than the traditional cinema format, a screen as tall as a five story building and a 22.000 Watt sound system the IMAX 3D experience draws you in with pictures so real you want to touch them and a sound so powerful you can feel it. The giant film frames offer far greater resolution than conventional 35 mm film and all existing digital cinema projection systems. A completely unique way to watch a movie.

Besides the movie experience we are also offering you the possibility to use the 22 x 27 m screen for shows and presentations. Take the chance and exclusively book Germany's first IMAX 3D movie theatre for you and your guests, also out of regular hours.

- Capacity: 350 people (cinema seating)
- Direct access to the museum
- Lectures and presentations
 - Stage 24 m² (6 x 4 m)
 - Projection area ca. 10 x 8 m
 - Beamer with 10.000 ANSI Lumen
- Movie shows
 - Movies start every hour on the hour (exclusive showings on request)
 - One of the largest screens in the world (22 x 27 m)
 - Superior 3D movie and sound quality

INDULGE YOURSELF

We Serve You the Perfect Dinner

“Indulgence“ is the cue for us to pleasure your taste buds a little and to tempt you to smile. With exquisite canapées for the reception we help to create an enjoyable atmosphere right from the start. Our alluring buffet- and menu arrangements are offering something for every taste and budget: in variations from rustic to exotic, from hearty specialities up to sweet temptations: whatever the occasion may be – the palatable pleasures are the secret stars, and a good event always has more than one highlight in store.

- Catering capacities:
 - Museum Restaurant “Concorde“: max. 300 people
 - Event Hall “Terminal“: max. 600 people
 - “Air Port“ Restaurant: max. 100 people
 - Within the exhibition halls or on the open-air ground: max. 1,500 people (depending on the arrangement)
